RESPONSE TO NOTIFICATION OF A DEFECTIVE RESPONSE

Sir:

In response to the Notification of Defective Response dated August 2, 2002,  
applicants herein submit an English translation of Figure 1.

On October 2001, applicants submitted an English translation of Figure 1 but  
was rejected because the translated figure lacked the title of the original and  
, additionally had facsimile transmission text on the drawing, which facsimile  
transmission heading included the words "GESAMT SEITEN."

The enclosed translation of figure 1 contains the title of the original and does not  
have any additional text which is not present in the original. The title of the original is  
"Ritonavir." The translation contains the same title as this is a term known by a person.

skilled in the art. Applicants submit an excerpt from *Remington: The Science and Practice of Pharmacy, 20th Ed.* which shows this.

Please charge any shortage in fees due in connection with the filing of this paper, including Extension of Time fees to Deposit Account No. 11-0345. Please credit any excess fees to such deposit account.

Respectfully submitted,

KEIL & WEINKAUF
